MEMORANDUM FOR: Director of Central Intelligence  
Deputy Director of Central Intelligence

FROM: Director, Office of External Affairs

SUBJECT: Proposal for Another Visit by  
College and University Presidents

1. Action Requested: Your approval of plans for another visit by approximately ten college and university presidents on 13 October 1982.

2. Background: The visits by the presidents last March appear to have been a success, to judge from the comments -- written and oral -- of the participants, and may very well be reflected in improved operating conditions on several campuses for such Agency components as Recruitment Division [redacted] As

you are aware, these are the organizations, along with OEE0 and DDS&T, which nominate the college presidents to be invited to these sessions.

3. As in the past, the Coordinator for Academic Affairs will supply you with a list of proposed invitees from which we would hope to obtain ten to twelve acceptances. The Agency does not provide compensation to the Presidents for their travel or for other expenses incurred in connection with the visit. Our monetary cost is thus limited to the price of about ten luncheons for our guests and an equal number for Agency officials. Traditionally, we have provided transportation for the presidents between Headquarters and their hotels or one of the local airports.

4. This time we will try to limit your participation to greeting the guests on their arrival and a short meeting with them prior to their departure. We would like to have the DDCI brief the group on the overall missions of the Agency following your initial greeting and perhaps he could also host the luncheon. Otherwise, the program would be similar to the one for last March with briefings by the three Deputy Directors and the Chairman, NIC. The presidents would be granted SECRET clearances for the day.

5. Recommendation: That you approve the proposal to invite college and university presidents to visit Headquarters on 13 October 1982 so that planning for the visits may proceed.
